Land Change and Fall Perennial/Biennial Acres Seeded

INSTRUCTIONAL GUIDE

- 1 Complete Contract Number, Home RM and Date.
- 2 Complete Contact Information, Home Quarter and Power of Attorney (if applicable).
- 3 From the drop-down list, SELECT your Crop Insurance office.
- The numerical order of your current land as recorded at SCIC. Please leave blank if unknown.
- 5 Rural municipality and legal land description.

- Soil class for quarter of land where crop is grown (to be completed by SCIC).
- 7 Total cultivated acres on each legal land description must be accounted for, whether crops are insured or uninsured.
- 8 Acres declared as summerfallow the previous year.
- To report fall perennial/ biennual acres seeded, list the crop name or code, which can be found at scic.ca.

- 10 Indicates the acres seeded into as summerfallow (SMF), stubble (STB) or irrigated (IRR).
- 11 Acres actually seeded, if applicable.
- The date of seeding perennial or biennial crops the previous year as well as fall-seeded crops.
- If adding or deleting land, specify a reason and additional information.
- TO REPORT fall-seeded annual crops or perennial/biennial acres seeded the previous year, write the details in the appropriate columns.
- TO ADD land, list the RM, quarter, section, township, range and meridian. Next, enter the total cultivated acres for that land description and any eligible summerfallow acres that were too wet to seed the previous year.
 - If land was rented, check the box and enter the type and date of agreement.
 - If land was purchased, check the box and enter the name of the previous owner.
- TO DELETE land, list the RM, quarter, section, township, range and meridian and total cultivated acres. SELECT sold and enter the name of the new operator, if known, in the space provided.
